

# **BRIAN GREENSLADE SCHOLARSHIP AWARD**

Introduced in 2001, Ontario students are invited to apply for the Brian Greenslade Scholarship Award administered by the IBAO.

Upon Brian Greenslade's retirement, the Brian Greenslade Trust Fund was established by a group of Pilot brokers to recognize the contributions Mr. Greenslade made during his many years as President of Pilot Insurance Company.

This \$2,000 scholarship will be awarded to a university or college student with a minimum of two years (second year) enrollment in an insurance or business management / economics program and whose RIBO licensed parent is employed in a Pilot Insurance brokerage. The award is based on scholastic standing, community involvement and the desire to work in the insurance industry upon completion of their studies. A preference will be given to students with prior insurance work experience (i.e. part-time, contract, summer, etc).

IBAO will evaluate all submissions and through the IBAO Selection Committee, award the scholarship to the successful applicant at the Annual Convention in October.

Applications must be received by IBAO no later than August 31st of each year.
